The first returns received will show the result by precinets. There are 1,773 precincts in the state, an increase of five over the precincts of 1884. As soon as twenty precincts have reported the vote will be added and sent as the first election bulletin. Each bulletin will give the exact vote of 1884 for the same precincts. As soon as twenty additional precincts have been reported they will be added to the first twenty and the result will comprise the second regular bulletin. The returns by counties will also be sent, in addition to the precinct bulletin, but it is scarcely probable that any county returns will be received before 1 or 2 o'clock Wednesday morning, as the ticket in Indiana contains thirty-seven to forty names, and under the law each name on the ballot must be called off. This will necessarily delay the returns. The polls open from 6 to 8 a. m. and close at 6 p. m. No counting is permitted, as in certain other states, until the polls are closed.

The total vote of Indiana in 1884 was 494,774, of which Cleveland receives 244,300, Blaine 238,463, Butler 8,293 and St. John 3,028. It is conservatively estimated that tomorrow's vote will reach 529,000 to 530,-000, showing a large increase over 1884.

Next to the result in the state at large the interest centers in this (Marion) county, and many local wagers have been laid on the outcome. ESTIMATES ON THE RESULT.

Fifty young ladies carrying red, white and blue um ladies carrying red, white and blue un-brellas and wearing scarfs of the same sort, marched between the two flambeau clubs as an escort to Mr. Anderson from his home to the place of speaking. MINNESOTA 20,000 FOR THE TICKET. Sr. PAUL, Nov. 5 .- At the headquarters of the Republican state central committee Minnesota is confidently asserted to be safe for Harrison and Morton by at least 20,000 plurality. It is claimed that Merriam for governor will be elected but it is admitted by a smaller plurality and also that he will run some thousands behind the rest of the state ticket. The success of the Republican nominees for congress in every district is claimed. The chairman every district is claimed. The chairman of the Democratic state central committee concedes the state to Harrison and Morton by 15,000 plurality, which is a reduction of 26,000 on Biaine's vote in 1884. He claims the election of Wilson, Democratic candithe election of Wilson. Democratic candi-date for governor by 10,000 plurality and the re-election of the three Democratic congressmen. Harrison, the Prohibition candidate for governor, will, the Demo-crats claim, have not less than 15,000 votes while his immediate supporters estimate the number as much greater. In the bul-letins sent tomorrow night the compari-son will be made with the election of 1884.

BOGUS REPUBLICAN BALLOTS. DECATUR, HL., Nov. 5.—Chairman Kinau of the Republican county central committee, is in receipt of information that a bold scheme to thwart the will of the people has been planned by the Democrtic management, It is that of sending bogus Republican tickets to different parts of the state, with the names of Democratic electors printed under the names of Harrison and Morton. The dodge will be blocked in Macon county by a careful inspection of Republicans at the polls on election day. In Macon county the Democrats are doing all in their power to get Prohibition Democrats to desert Captain Harts, their nominee, and vote for Palmer. In two townships it is known that Prohibitionists of Democratic antecedents have been canvassing their districts for a week to get Republican third party voters to join in this scheme. In several cases Republican Prohibitionists, who will not be a party to such political treachery, have come over entirely to Harrison and Fifer. of the state, with the names of Democratic

A MYSTERIOUS SHOOTING. PHILADELPHIA, Nov. 5.—A very myster-lous shooting affair, which will in all likelihood cause the death of Mrs. Rettie Stockes, residing at 331 Greenwich street occurred tonight. Quite early in the evening three shots were heard in the house and an officer, upon investigation found that a Cuban, named Raimon, had shot Mrs. Stockes three times, two of the bullets taking effect in the face, and the third one in one of her lungs. The officer arrested Raimon, but only succeeded in doing so after the prisoner had fired a shot and had been clubbed into insensibility. Both Mrs. Stockes and Raimon were taken to a hospital where the former is dying, and the latter either feigning or is actually unconscious. Not the slightest clue as to the motive for the crime can be learned, the woman being unable, by reason of the wounds in her face, to talk, and the prisoner is likewise silent.
